RE: ML 46643, Notice of Intent to Mine

Dear Mr. Berry:

Thank you for promptly replying to my request of a more detailed map of your proposed mining operation.

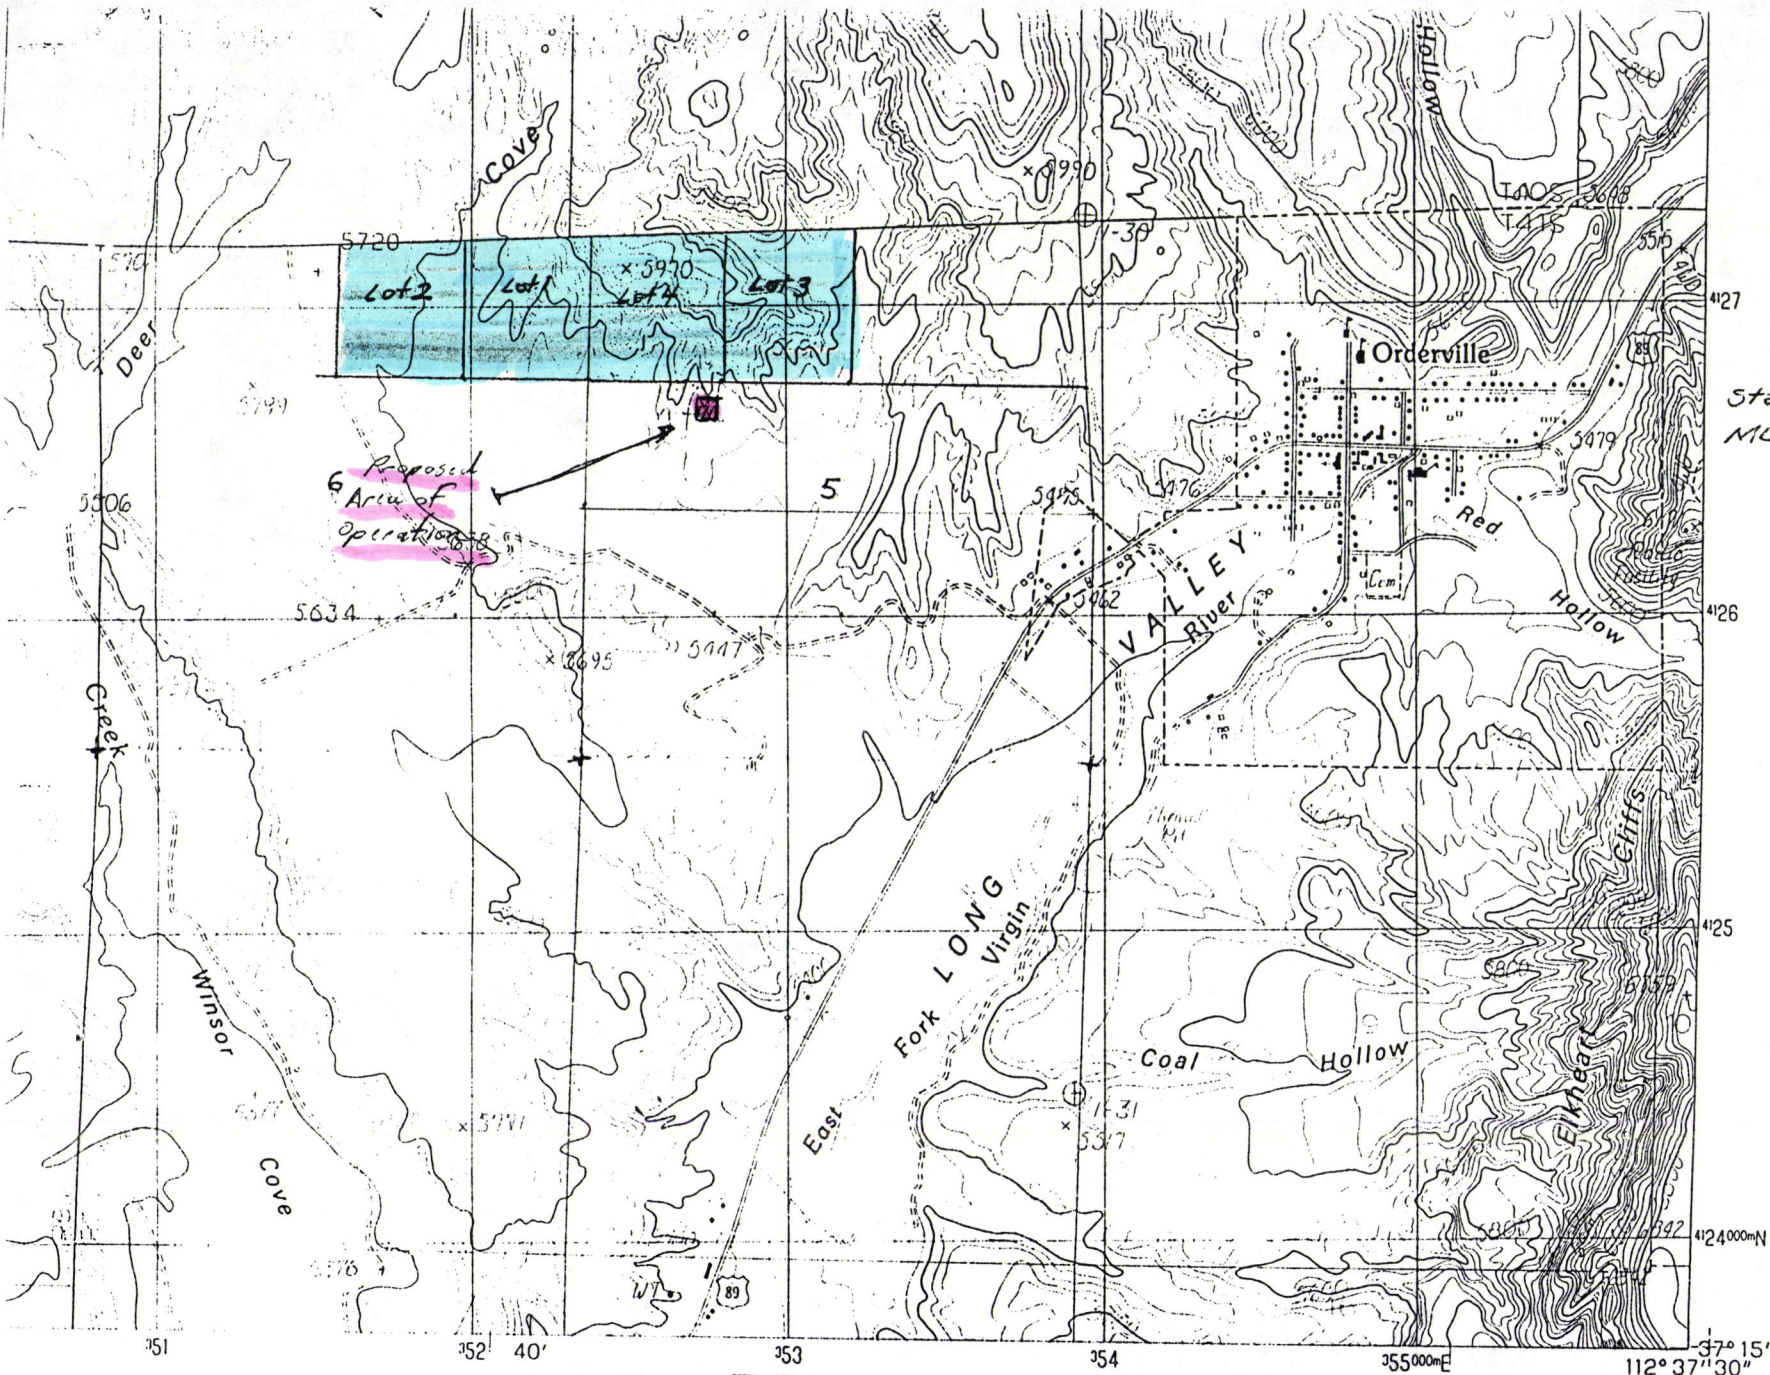

Enclosed as a copy of your map showing the location of your proposed mining operation. I have drafted onto this map the boundaries of the State lands which are held by you under ML 46643. As you can see your proposed mine is outside the boundaries of the State lands. For these reasons we cannot approve your Plan to Commence Mining. Should you move your operations onto the lands encompassed by ML 46643 please inform us of its exact location within the State lands and we will proceed with processing your Notice of Intent to Mine.

Sincerely

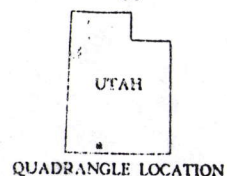

William M. Stokes
Mineral Resource Specialist
